

Invitation to help the LeTeEm project

Mission

The project will encourage young people to develop their potential through drawing on creativity, critical thinking and research skills, social and communicative competences.

About

LeTeEm <http://leteem.uws.ac.uk/> is a 2 year, European project funded by the LLP "Comenius" programme. It is based on an innovative methodology connecting the world of work to the learning experience at school and university by integrating learning activities across subjects.

What is a Project Reference Group?

A member of the Project Reference Group in an EU project does not receive any money and has a limited role in the project. They can come from anywhere and contribute because they wish to be visibly part of an exciting and useful project.

What does a member of the Project Reference Group do?

In LeTeEm we will be asking the members of the Project Reference Group to help at various stages of the project.

Sign me up

If you have questions please ask at the email address below:

Name of Institution/individual*	
Website	
Country	
Type of institution (school, association, individual)	
Your name	
Email	
Email repeated	

Thank you on behalf of the partnership: Please send this page to: Joel at Joel@kindersite.info

We will need your help to:

1. Appraise the materials we produce in the project <http://leteem.uws.ac.uk/>
2. Take the LeTeEm teacher training course and see how to implement a LeTeEm project <http://leteem-moodle.icthatworks.org/>
3. Pilot a LeTeEm project in your secondary school or educational institution with your colleagues and students
4. Disseminate the project (we will supply a logo/link for your site)
5. Supply feedback to the project, there will be online/offline forms

What are the benefits

You will be associated with a important, high profile and high status European project that will have clear benefits for making secondary education truly 21-century, inspiring innovation and with an entrepreneurial spirit.

You will have the opportunity to receive specialised training in applying the LeTeEm methodology.

All institutions (schools, associations, education authorities) can include a name, logo and web link in the list of partners on the LeTeEm website.

Individuals we will be listed with their country and a link (if requested).
